WHY is Connect Wetaskiwin doing this?

We believe every person is good at something! We want to draw on that strength as we work to nurture our community.

1 Imagine the possibilities when like minded individuals are connected.

Like minded people work well together. There may be another BIG DREAMER you can collaborate with. This is the start to how things get done! 😊

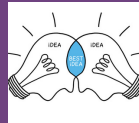

2 Research studies underscore the importance and value of connection.

DID YOU KNOW, lack of human connection is more harmful to your health than obesity, smoking and high blood pressure. We are hardwired to connect with others, it's what gives purpose and meaning to our lives. ❤️

3 Power in Numbers.

Collected data will provide necessary and beneficial info that may be used to support new off-shoots of collaborators when applying for grant applications.

VISION CREDIT UNION

My husband and I moved from Strathcona County to Wetaskiwin April 30, 2021. It took 2 months and 8000 highway kms before an unexpected drive through Wetaskiwin caught our hearts. We searched the BC interior, pretty near all the smaller towns of Alberta and even though Wetaskiwin was NOT on our radar it was where we chose to move. It was important for us to be close to amenities, including hospital and airport.

The small town feel welcomed us and the people, all so friendly. Felt like home! However, it didn't take long for us to realize that Wetaskiwin is a troubled community. And 'that', is all it took for me to step out of my comfort zone and get involved. Today, I am grateful for all the wonderful people I have met, and still continue to meet. Yes, there are challenges out there but I am focused on bringing people together. This is definitely one of my passions to bring out the best in each other; to work together; to build an involved vibrant community one small step at a time, that ALL residents are proud to call HOME ❤️
